

About Us

VERDEK is the leading company in changing infrastructure for sustainable transportation. We offer the best solutions for residential and public EV charging. We also provide CNG and LNG fueling stations for commercial fleets. Our EV Solutions and CNG Solutions will exceed your expectations. Our technical team can choose from Verdek's vast product range to provide the best solution for your requirements. Verdek's ChargePoint, Schneider, EVCharge, AeroVironment, Efacec.

We offer the most complete range and for any possible solution for your need.
We can offer Networked and Non-Networked stations on the Chargepoint and OCPP platforms.

We also offer CNG solutions for the delivery of CNG through the Virtual Pipeline by Galileo CNG.
Verdek has the best solutions to support the growth of the charging infrastructure for electric vehicle and fueling of CNG vehicles.

Verdek has nationwide footprint. We have a network of authorized installers capable to install and service our charging station in all the US and Territories. Our people are dedicated and expert in our products. ChargePoint was named the leading EV charging station equipment manufacturer by Pike Research. Currently there are over 30,000 networked stations installed around the Country and 100,000 EV drivers have signed up with the ChargePoint Network. Verdek offers integrated solutions for the utility companies, corporations, and parking facilities in commercial and residential buildings.

Electric Vehicles and Compressed Natural Gas Vehicles are becoming more and more popular. They both are cleaner and reduce the US dependency on foreign oil. Natural Gas is totally "Made in the US" while the production of electricity is continuously shifting toward cleaner energies such solar, CNG and wind.
